**ORDER GRANTING SEVENTEENTH OMNIBUS OBJECTION TO CLAIMS**

THIS MATTER having come before the Court upon the objection of the Plan Administrator appointed in these cases (the “Seventeenth Objection”)<sup>1</sup> seeking entry of an order pursuant to 11 U.S.C. §§ 502 and 507(a) and Rule 3007 of the Federal Rules of Bankruptcy Procedure reducing, reclassifying, and/or disallowing and expunging, each of the proofs of claim listed on Exhibit A attached to the Seventeenth Objection, and in certain instances, withholding further payment on account of any surviving claim, on the basis that the Debtors are not liable for such claims, such claims were previously satisfied, such claims do not match the Debtors’ books and records, such claims were incorrectly classified and/or such claims received a greater distribution postpetition than they would have otherwise been entitled to under the Debtors’ Plan; and due and sufficient notice of the Seventeenth Objection having been provided, on an individualized basis (i) to the claimants listed on Exhibit A thereto at the addresses set forth on the claimants’ respective proofs of claim, (ii) counsel for the Committee, and (iii) the Office of the United States Trustee; and an objection having been filed by Carmela Chiera [Docket No. 1342]; and a response having been filed by William A. Qugley [Docket No. 1350]; and the Seventeenth Objection having come before the Court for a hearing held on September 14, 2016 (the “Hearing”); and upon the record made before the Court on that date; and, after due deliberation, the Court having found that the relief requested in the Seventeenth Objection is in the best interest of the Debtors’ estates, creditors and other parties in interest; and, based on the record herein and for the reasons stated in the Court’s bench Ruling at the Hearing, the Court having overruled all objections and responses and having determined that the legal and factual basis set forth in the Seventeenth Objection establish sufficient cause for the relief granted herein, it is hereby
