Re: Case No. 17-12560 (KJC) – Objection to Claims
Woodbridge Group of Companies, LLC – Chapter 11 – Claim 6402
Respondent: Deborah Windey – Woodbridge Investment \$33,475.82

This letter is in response to the communication from the court received Feb., 9, 2019 listing my claim against Woodbridge.

While I do not have the financial means to support legal counsel, nor do I fully understand the legal guidance outlined in the communication, I am writing this response with the full intent to safeguard my claim and NOT to dispute the listed modification to my claim.

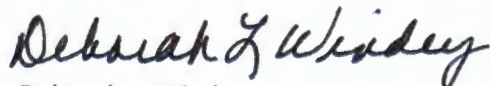

I understand the communication I received to state the following: If I dispute the modification of my claim, I must submit a formal response to the court by Feb., 22, 2019. Attached to the communication is a listing of all Disputed Claims – Creditor Name and Payment Address.

My name – Deborah L. Windey appears on “Attachment A” of the communication, along with IRA Services as the modified creditor along with their name and address. Please note, I DO NOT dispute this modification. Any and all settlements for this particular claim should be directed to IRA Services.

It is also important to note, I have a separate claim with Woodbridge for \$80,000. It is NOT associated with IRA Services and is not listed on “Attachment A”; this is correct.

Again, the sole intent of this letter is to serve as a safeguard for my claim (#6402) against Woodbridge. I appreciate your support and I look forward to the resolution of both of my claims against Woodbridge.

Respectfully,

Deborah L. Windey
